INSPECTION NOTES

Any further enforcement action identified and/or considered is set out in the order(s).

If this report has been issued following an incident that is under investigation by WorkSafeBC, further enforcement action may be taken as a result of the findings of the investigation and any orders in this report.

The employer has made a submission to WorkSafeBC to request a variation of the requirements of Workers Compensation Act Section 125 by utilizing the Workers Compensation Act Section 126.

This request has been made in order to allow UBCO to create, establish and maintain three Joint Health and Safety Committees (JHSC) at their workplace to provide a higher level of health and safety guidance while discharging health and safety duties (as per Division 4 of the Workers Compensation Act). The three JHSCs will represent:

- AVP Finance & Operations (7 members)
- Provost & VP Research (9 members)
- AVP Students (5 members)

These JHSCs will represent the specific issues and hazards faced by these distinctly different departments of UBCO.

The employer has also reached out to the two unions that represent the workers and reported that both parties support this request to vary the JHSC structure as required by WCA Section 125.

JHSC representation will be organized by department:

As part of consideration to the employer's request to vary the JHSC requirements, I have reviewed the employer's:

- Proposed JHSC Terms of Reference
- Proposed JHSC Structure and number of representatives

I have also reviewed:

- The types of hazards in each of the employers work sites,
- Employer Injury statistics,
- Employer Assessment rates,
- Employer Time loss data and
- The Employer associated claims costs data.

It is intended by both the employer and WorkSafeBC that this change will allow the employer to develop and implement a more cohesive, comprehensive structure for more effectively dealing with their specific health and safety issues in their many departments.

I am permitting the employers request to vary the requirements of Workers Compensation Act Section 125 and allow for three JHSCs for a period of two years (until August 17, 2020) with an interim review to occur by WorkSafeBC after 1 year to ensure that UBCO is maintaining their commitment to a higher standard of health and safety.

The responsibility to initiate the interim review is that of the employer, not that of WorkSafeBC. The review can be initiated by calling the Prevention Information Line at 1.888.621.7233, or by contacting your local WorkSafeBC office directly.

If you have any questions regarding this inspection report please contact Occupational Safety Officer Chris Stanley by phone at (250) 979-4170 or by e-mail at chris.stanley@worksafebc.com
